Sue and Family,

The Shepherds join many hearts that are grieving with you during this difficult time. Jack was a genuine advocate for youth and Tiger and Shelly were direct benefactors of his generosity via their experiences at the WORLD of OZ during the late 70s. Tiger's age elevated him to be a sort of aide to Sue, the Director, and it is probable that some of this influence carried over to his stellar managerial skills in his endeavors today.

Ben held Jack in highest esteem for his dedicated service as Director of University Museum. Jack was a staunch advocate of the Museum and worked hard to position the Museum in the academic mainstream. The launching of the Museum Studies tract in the curriculum was largely a result of Jack's vision and hard work.

It should comfort you to know how much Jack meant to us and so many more by being such a kind and caring person. We pray that the words and acts of family and friends during this difficult time will sustain you as you adapt to life without him.

Please accept our sincere sympathy and friendship. Ben and Ann Marie Shepherd

Michele and Family,

I did not personally know your dad, but your wonderful Facebook posts brought him to life for me. He certainly raised a terrific family, and it seems he was enjoying life right up to the end. May he rest in peace, and may your beautiful memories make this a bit easier for you, your mom and brother. Love, Kathleen

Michele, Sue, Mark, Katharine...I am sorry for the loss of Jack, he was certainly well-loved and contributed a lot to so many people. It was a pleasure to get to know him a bit back when I was a grad student at UIS. Wishing you all peace and love.
