“ Growing up on centre street in tilden was the best because we had the best kids across the street to play with. Soft ball kickball tag there was always something going on we played til they drug us home. We grew up together and considered each other family. My heart hurts for you all but I find comfort remembering her smile and silly laugh. I close my eyes and see a young ab with a ball cap on backwards and tongue sticking out waiting to kick the ball a mile down the road. Sending you all my love and may god hold you all tightly til you are together again
