“ I'm so sorry for your loss, I always loves being around him at family reunions. Always had fun telling jokes and weird things that happened to all of us at one time or another. Always had a great time with Tony and Doris. He will be missed dearly. Sincerely Marion Parker and family.

“ Doris, Jania, Grand children and Great grandchildren. I send my deepest condolences to you all. I started working with Tony in 1977 straight out of high school at the City of Carbondale. He was a real jokester we had so much fun working together. He and my dad and friends hunted together with his friend Foreman. Which my neighbors ask about him all the time. Now him and my Dad are probably both laughing and tell stories together. The last time I remember seeing Tony was at John A Logan Graduate where one of the grand children was graduating the same time my son Antwain was graduating. The memories will always be in my heart. Love to you all

“ *Doris and Family, please accept our heartfelt condolences for your loss. We truly enjoyed having Tony as a friend and neighbor for all these years. The lake will not be the same without him. A wonderful man and, most likely, the best fisherman on the lake.*
