“ *Bea and I lived in the same neighborhood when I was young. We were good friends and had many fun times. Having her as a neighbor helped shape my career as a teacher.*

“ *Bea will always hold a special place in my heart. I always enjoyed our time together. The best talks we had was when I was sewing and she would share stories of her childhood. I'll miss her and will smile every time I think of her.*

“ I'll miss you bumble Bea. You have taught me a lot over the years and I'm fortunate to have known you. I won't ever forget our talks, and the times we've shared in your home or while at work. There will never be another person on this Earth as sassy, clever, and warm hearted. Though you are gone, I'm comforted in knowing you are healthy and happy.

“ It was a pleasure taking care of Bea. She loved hummingbirds & her collection of bird figurines that her bedroom was filled with. She enjoyed working on puzzles and coloring as well. She was sassy, loved to tease staff and when staff would tease back she would let out a unique little giggle. She was lots of fun. She will be missed.”
