“ *Bruce was like a second father to me. He always called me son and I loved him like a dad. He was always willing to give us anything he could when we needed help and always made sure Nicole and I were taken care of. I made him a promise that I would take care of his daughter and I will fulfill that promise. Bruce was a kind hearted guy and I will miss all of his stories and how he always talked about how crazy his younger years were. I will miss our talks about money and how everything is so expensive now days lol. I will miss watching Westerns and Judge Judy with him even though I don't like either of those shows that much lol. I will miss everything about him. Rest in peace dad.*

“ *He was the best father I could have asked for. Loving, generous, kind, strict, honest, open, and funny. You didn't want to get on his bad side, he would Hulk out and turn a mean shade of green lol. But he was always my teddy bear. I will always remember him for the person he was on the inside. He was my hero in so many ways. We shared a love of superheroes, star wars, star trek. He is "Bruce Wayne" Farley by the way. Now he can turn his moonlighting career of vigilante justice into a full time career of being my forever Dark Knight Guardian Angel. Love you Dad.*
