“ Oh, how terribly sorry I was to read about Carol. We hadn't been in touch for several years and I decided to goggle her today. I was shocked! Carol worked for me as a graduate assistant back when the two of us were in Student Activities at southern Illinois University in Carbondale and the two of us were so young! What fun times we had!...And then we connected when the two of us moved to Texas and once again, more fun time. While she was at Davis, we met in San Francisco a few times. Unfortunately, we didn't see each other once she moved to Cape.

DAvid, she loved you dearly and of course, I was with her when you left CARbondale for Australia. We had many tearful conversations during those days and it was always with hope that she would see you again. And she did!

When I looked at the photo, I didn't see the Carol I knew..the one with the long blonde hair and no glasses...but I did see a sparkle in her eye and that smile !

There's this hole in my heart and how sad that we didn't stay in touch.

Will you let me know about the cause of her passing and of course, I would enjoy hearing about you, David, and your family.

I send you lots of hugs
Sharon Justice
