“ I had the privilege of working for Dr. Herbert for 18 years in the early years of 1975. In the years of Good Hope Street across from the old St. Francis Hospital. The days of doing dental surgery on children in the hospital.(Before Dr. David Johnson came to Cape with a schedule of appointments set up by Dr. Herbert's office.)
Worked with him as he built his office on Independence St. (Gravel road at that time.)
Having memories of his encouragement for Tony Ivie to open his dental lab, and Dr. Taylor Bahn opening his practice in Cape.
Wishing comfort and peace for Barb at this time and many memories of the years I worked with him and Barb. Blessed to always have our memories of days gone by.

“ Dr. Herbert was a wonderful mentor for Tony Ivie when Tony started his dental laboratory business. Dr. Herbert was actually the one who encouraged Tony to open his own lab. We missed Dr. Herbert greatly when he retired; he was so supportive and encouraging, helped recruit new dentists to give Tony's lab a try because he believed that much in Tony's abilities. We owe a great gratitude to Dr. Herbert. Our hearts go out to Barbara; if you need anything Barb, let us know; Tony and I will be there.
