“ I awoke from surgery on Feb 1 to learn that my friend and mentor as a young man had gone to Heaven. Linda, Mike, Steve, and Matt; were it not for my surgery, my folks and I would have presented to pay respects to this very fine man. My folks came to stay with me in Jackson, Missouri and help as I recovered from fusion.

I want you boys to know that my last encounter with your dad was about a year ago as I visited my folks in town. I was proud to come see your dad and you also Linda, and that he was able to see my children. But I will never forget that as I insisted he stay sitting as I started to say goodbye,, he told me, "Just stay right there Marine, I'm going to stand and hug you like a man." Your dad was truly a stand up man. A righteous man.

Linda his love for you was so wonderful. Many weekends I was hanging the around the house to see the energy as you both escaped to the lake.

Steve and Matt, God bless you boys. I respected your dad very much.

Mike, you are always my brother. I will miss your dad. I love you, brother. Semper Fidelis
