“ *Not really a story but wanted to express how much I am going to miss doing business with Dan. I got to know him over the last year when I was moved into a new territory and was given the Scott Banzai account to handle. I certainly appreciated Dan's enthusiasm and ease of doing business with. Even though I knew him previous to being in charge of their account I grew to really like Dan. I am sorry for your loss and will greatly miss Dan not only from a professional standpoint but from a personal as well.*

“ *Danny was the love of my life, my prince charming and my best friend. He loved me, he protected me, spoiled me, he could fix or do anything if he wanted to, We had lots of fun together, we were able to do a lot of things together and I thank God we had over 35 years together. I can't imagine life without him. Thank God we have lots of friends and family that will help me. God led me to this and God will guide me thru.*
