“ *Sending my condolences to the family and friends of David. Honored to be a classmate and was honored to listen to His needs the last 3 months of His life to help the caretakers take care of him more. He was trying to be independent but knew not everyone was capable and trained to help him 100% with all His physical and mental needs. Many angels tried to help him and His body just surrendered within the changes He was hoping for the better.*

“ I met Rich and Dave when I was a junior or senior or just graduating at CCHS , we loved a lot of the same things and same people and it was like I'd found family that I didn't know I had . From 1981 on we were basically joined at the hip ,always together going to Giant City Park or Evergreen Park, or going to visit the Barnes family , Mike and Randy and their mom . I loved hanging out with them . The memories I share with them are some of the most happiest moments of my life. Even after Dave's accident we were still the same , still together out cruising around , I stayed over at there house all the time , even got snowed in there once for a couple of days , and took out one of Dickies trees in his driveway (by accident) in the snow . Sadly after quite few years, I was working more and getting a wife and kids and seeing Dave less, Rich and I still saw each other frequently but it was getting rare that I got to see Dave . When I'd heard of his passing it was basically like my brother died . At least his trials were at an end , I miss his good humor and I miss his company, now he is free . I hope I get to see him on the other side. Brian Biggers

“ For some reason I was thinking of Dave today & was shocked to read about his passing. I was very close with Dave in 1996-97 when we shared a room at RIC in Chicago. He really helped me through a very difficult time after my injury.. He was a really good guy & someone I'll never forget.My condolences to the family....

“ I will miss this man!!

I met David when I was in Jr. High., met him through a lovely family, "The Cowan's", that took me to Murdale Baptist Church with them every Sunday morning, Sunday night, and Wednesday's.., this is where I met the Foster Family..., Dick and Sara ..., (Mom and Dad), Richey.. (the little brother)...., i think there was a younger sister???! , idk..(sorry). I grew up with this family at Church 3x a week..., and will always remember the Foster Family, and all the other Family's that were family at this Church.

It's like one of those really fantastic memories you live..., then move on, but can always remember and embrace all the wonderful moments that was a part of our youth..., Thank you to all of you parents of the kids I grew up with at this Church.

However when we move on to adult life...., we all change in different ways.., not always our plan..,but we must live with our decisions. David..., I remember you as a kid..., going to Church.. , and then to the Golden Arch.. (McDonalds)...

And then I remember many years later coming to see you when everything for you was??? Idk... how to express the way your life changed..., I do know that you smiled and made the best of the changed in your life.., I'm proud of your strength.., determination.., aggravation..., I only wish I had dropped by more than I did..., which I know wasn't often enough know that you have gone home.

Your entire family will always hold a place in my heart.. I am blessed to have been a part of your life! RIP MY DEAR FRIEND DAVID ❤️

My sincere condolences to the family, Richey..(idk if you remember me, but your in my prayers)...., (Dick...., I will always remember you and Sara)

sincerely,

“ *I remember being at a party with David in high school. I tripped and fell. He stuck his hand out helped me up and kept talking like it never happened. I barely knew him. It was hilarious. The CCHS class of '83 has lost another classmate. RIP.*
