“ *I remember the first time I met David at a Murphy ballgame. He and his family set in front of us and I commented to my friend how happy he was. Then several years later I started buying baskets from Glenda for events that happened in my life. David was always there when I would go to pick them up and he seemed happy. I am sure there were times when that wasn't always the case but I attribute his happiness to the love that I saw displayed to him from his Mom. My prayers are with all of you in your time of loss. I know it is difficult but I believe heaven will give David opportunities like he has never had before.*
