“ *I worked for Dave while being a student worker at the SIU Arena during the early 90's. Even though Dave was my boss, I truly came to appreciate his strict standards and his sense of humor.*

While working at the Arena, Dave had a profound effect on me and I was privileged to hear some of his experiences during the war. That is something I have always remembered despite 12/13 years having passed.

During the summer months, when there was down time, we ended the shift by watching MASH on his portable TV. When I see that show today, I still think of him.

I send my sincere condolences to Mary and the rest of his extended family.
