“ *I want to share my memories of the 19 years that Don was my best friend and extend my condolences to his children and his extended family. He was a wonderful man who was always doing good things for others. My father thought of him like a son as his visited him many times and helped him with projects around the house. He would like to attend Don's memorial service but is unable due to his advanced age and poor health. My only comfort is that I know that he is now out of pain and with his loved ones in heaven. He will always have a place in my heart. From me and my family goodbye to you my dear Don.*

Don, you wonderful guy. God handed you some very tough situations and you rose to the occasion beautifully. Now you are reaping His joy eternal. Rest In Peace, Don, You will be in our hearts, on our minds and in our prayers.

“ I have so many memories of this wonderful man who was always so thoughtful and caring. So many yrs to have all these memories. But the one that sticks out the most is how Don always walked me home from babysitting even though there was just one house between ours. I was always treated like family and felt the bond even though there is no blood relation. I couldn't be more sad in his passing but he is now with loved ones he has dearly missed. Sending my thoughts and prayers to all his family and friends.
