“ *Condolences to Don's family and friends. So many memories...good times. To share all of the funny stories and experiences would fill a library. One of the world's undiscovered comedic geniuses.*

“ *I knew Don well in high school. College and careers put us on different paths but we always managed to find each other and catch up when I came to Cape. We would pick-up right where we left off as if no time had passed at all. He had a distinct voice and we would always touch on familiar themes on the absurdity and humor of life & living, on good music, and on the shared memories of our youth as time passed. He was an old soul. I will remember him well and with a smile. My sincere condolences to his family.*

“ *Don was a good friend of mine at Cape Central High School. We had electronics class together in 1980 and 1981 at the Cape Area Vo-Tech Building on Clark Street. Don was very good at electronics and loved to work on car stereos, televisions and home stereos.*
