“ Although I had not seen Don in many years, my memories of Don and his family go back to 1957! I always cherished the McLaughlin family and thought of Don as a surrogate older brother when my own brothers left for military service. I had no direct connection to the family until recent years when I encountered Jeanne again. Losing a treasured sibling is traumatic and I know he will be missed tremendously but remembered with great love. May God bless you all during this time of grief and transition. My love to all of his family!
