“ I will miss Donna so much, she was considered a sister and best friend to my Mom and considered an Aunt to me. I visited her and Joe in Illinois a few years ago and was supposed to go see her later in August when she visited her son, but that was not to be. On our many chats she always ended with "Hugssss and Love You"....She is a special person and I will miss her always.

“ I am deeply saddened by Donna's passing. She was family, being my mom Bev's sister/best friend for my entire life. Donna was the first person I called when mom passed and she already knew as she was awake the night before thinking about Mom, that is how close they were. They were never apart and are together again. She was a large part of my childhood living across the street in Toronto and providing many schoolday lunches and caring for us when our parents were working. My childhood is full of memories of her. RIP Donna, you can see by the outpouring on social media how she was loved.
