“ *Our deepest sympathy to your family and especially Peggy. We will miss your mother as she was our neighbor at the Rehab Care Home. She was so full of life. There are no words to express our sympathies for your loss. The love you have for your mother, Peggy, to the very end was truly inspirational to all of us. May she rest in peace.*

“ *I have many memories i would love to share but some of the most precious times with grandma were when we would gather at her home on sunday. She would make the best SALAD and food ever. Then we would take a glass of wine and go onto the balcony you could here the zoo animals and sit and share secerets. then she would take me into her magical backyard which was just full of so many flowers and plants. I didnt know half of them, it was breath taking. we'd walk around with are wine. I'd listen to her telling me all about each one in such awe. Grandma had the Green Thumb and she will be missed. With Love your Grandaughter Robbin*

“ I can still see Dorothy, hopping out of her precious yellow Mustang, trailed by the dogs whose "yapping" announced their arrival. The pups were happy to see Peggy and Barbara's pups and ran into the yard via the little "doggy-door". Dorothy was happy to see us and the box of wine she kept in the kitchen! Her presence always assured a lively conversation as life was an adventure for her and she enjoyed sharing it!! I will always treasure the wonderful times we had together....she is at peace and she will always remain in a piece of my heart! With love and deepest sympathy, Pat
