“ I was extremely lucky to call Dottie my friend for over 40 years. We started out as family and continued the friendship through the years.

*We worked together at Owens-Illinois in Godfrey, IL where she was a Nurse. She enjoyed her job and often sent the factory workers back to their jobs with a bandaid and a piece of advice. She always had time to listen to them whether it was professional or of a personal nature.*

*She enjoyed home remodeling and decorating before it became popular on HGTV or DIY television shows. She loved the whole process and remodeled many places that she lived. She always asked Joe and I about our projects. She loved using her hands to make wreaths and other craft items, plant flowers, and took time to feed and watch the birds.*

*We all know that the game of Scrabble was her favorite. She loved the challenge and was quite good at it!*

*Our deepest sympathies go out to her children - Steven, Patty and Jeanette - and their families. She loved them dearly and always bragged about them. You had a wonderful Mother, Grandmother and Great-Grandmother. Joe and I will miss her . . . she will always be in our hearts. May the many happy memories carry you through this difficult time.*

“ I was Dottie's nurse at Newton Rest Haven and I was honored to have met her and spent time with her. I was known to her as her "chocolate girl"....everytime she saw me she had to give me Dove Promises. The highlight of our days were waiting to see what the msg said on the inside of the pack. Patty and family, I am sorry for your loss, but we must have great joy knowing that she is at peace now.

With love and sympathy,

“ Dorothy "Dottie" Sibley was my Hospice patient. I am a Hospice volunteer. She and I enjoyed playing Scrabble. She could beat me, and, I thought I was a good player! We shared thoughts, milk shakes that I brought to her, and prayers. I am glad she was a part of my life. I will miss you, Dottie. With loving thoughts, Pauline Frohning.
