“ *Gwen and family,
My thoughts and prayers are with you at this time. I remember Earl
and my dad bringing home the quail many many years ago. They
are hunting, fishing and golfing again now. Take care.

“ *Vicki, my sympathy to you and family at the death of your father. I
remember him well from our years of growing up together. He
always had a good humor about him. Seems like he had a good full
life with much family. Best wishes. Chris Brandhorst Misker,
