“ I got to know Ethel through our business. She loved her gnomes. She was so very proud of her grandchildren and great grandchildren. Sunny if you see this know that I'm sending you a bear hug.

“ So sorry to hear this. Prayers and comfort to the family. Ethel and I shared a love for Pioneer Woman. We loved to go shopping and see what was new out. She was really fun to be around and I enjoyed everytime I was with her !!! She'll be greatly missed. A beautiful woman inside and out!!!
