Frances achieved her goal of visiting all 7 continents in 2010. She attended the First United

Between her "lunch bunch" and her "nickel putter's club" and attending cultural and sports events, she led a very active life. She was a member of Delta Kappa Gamma and Sigma Alpha Iota. And she loved spending time with her children, grandchildren, and great grandchildren.

A special note from her family: Thank you, mom for your unconditional love. For being that warm light we can bask in and gravitate to in good times or bad. Your steadiness and support has buoyed each one of us through our challenges in life. We know you are there as our life raft, carrying us to solid ground when the ground beneath us is wavering and unsteady. Thank you for making this world a better place, simply by being you. We can carry on, knowing all you have showed us, taught us, and instilled in us will be within us forever. Your light and love will always be in our hearts, your presence will be felt each time we show kindness toward others, and the whisper of the wind, singing in the trees, will remind us of your music. These lasting legacies will be cherished and passed on to the next generations. Your light will burn bright forever.

Mom will be greatly missed.

“ *How did she do it??? When I began my teaching career at Brush School in 1971, Frances was our District 95 music teacher. she traveled to each classroom in all six? grade schools pushing her teaching material on a cart....and managed a household with five small children!! I stayed in one classroom and had two children at home at was hard pressed to keep it all together. Spring Sings, held on a different evening at each school with Frances well in charge were the highlight of our school year. Her positive, cheerful, active life is certainly a fine example for all to follow.*

“ I will always remember the way Aunt Frances would help Gran Nova in the kitchen while watching all the kids and cousins play throughout the house, yard, neighborhood - all the while smiling and enjoying every moment. She was a lovely and very kind woman...Rest in peace, Aunt Frances. You made the world a better place...

“ My deepest condolences go out to the family. I had the great pleasure of getting to meet and take care of Miss Frances for a short time. In that short time, I enjoyed going to see her as Frances always had a smile upon her face, a smile that would light up any room. I always enjoyed listening to her many stories of traveling with her family and of her music career. I also remember the first time that I met Frances she told me where she was from and when I told her that I knew where Buncombe was, her face would light up in amazement as she said not everyone knows where this is at. In the short time I was with Frances she grew on me as one of my ladies. Frances will be forever missed! 💜

“ Frances was a light to many and her smiling face will never fade! She was a friend to many and she showed love and kindness to all who met her. I remember, when several of the UM churches gathered for a handbell concert.... Frances was so eager to help with whatever and eager to play with us. Two of her daughters were friends with my daughter at CCHS..so many memories!!! I pray God's comfort and peace for the family.

“ Sorry to learn of Frances's passing. She was always such a joy to be around. She always has a smile on her face and took time to visit and see how my day was going when she came to the church office and would ask if there was anything she could do to help with anything. I know she will be greatly missed by all. My condolences to her family.
