“ *What a sad day it was when we received the call that you passed away. We reflected on the last time we saw you--November 2016, all of us had such a wonderful visit and your beautiful smile lit up the room! We have countless memories, but one of the many fun ones from childhood is when we gathered at Grandma Dybel's house, all of our uncles would give us kids {and there were many}, change to run down to the local store to get a bag of candy. We would then just spend the rest of the day playing and having a great time! At this time, we would like to thank our Cousin Cassie for being the driving force in relocating our Aunt Connie and Uncle Frank to Missouri years ago to provide for them the nearness of family. Cassie and her family and her siblings and their families provided care, companionship and adventures for them. They truly are angels on earth! Uncle Frank got to do so many things that he otherwise would not have experienced which we are sure contributed to a longer, happier life. He recently celebrated his 89th birthday and from what we heard and saw pictures of, he had a roaring good time! He was also able to go fishing frequently, which he had not done in decades. Many people tend to slow down at this stage of life, but not Uncle Frank! He went cruising, enjoyed going to restaurants, had a willingness to go anywhere, always up for an adventure, lived everyday with a smile! Everyone he met called him "Uncle Frank"--he had that type of personality. Our family chain is broken, but as God calls us one by one, our chain will link again. Here's to you Uncle Frank, to a life well lived....we love you, you are forever in our hearts.*
