“ Catherine, I noted with sadness the passing of your husband, Franklin.

Throughout my 46 year career in Social Work, including my time as a student worker at the then Anna State Hospital, I was most fortunate, indeed, to have many wonderful and supportive supervisors of which you were one.

On behalf of the Cherrick family I extend my deepest sympathy.

“ At Choate, I knew Frank very well. He was the nicest man I knew, and I loved him, including a physical love that we shared. Love, Bill Chowan.
