Just want to send my love to the entire family. I love you all dearly and I do bless you and everyone around you to get through these next few days with the love of God and love of family wrapped around each of you to let you know she will be back around in no time at all. Here in the Promise Land time is of the essence and we all do have eternal life and I will explain how to find your loved ones if you can't find them. Give me a call and I will explain where they are and you can go and find them and talk to them. Welcome to Egypt where the land of milk and honey has been found. Amen.
