He was always one of my favorite Illinois Extension colleagues and I admired his local connection and committments to his community and passion for things he loved doing...Im sure he is much missed which should be of comfort because it shows how much he was in the lives of others. I wish his surviving family all the best.*

“ *I'm so sorry to hear this. Glenn was such a good friend in high school. We shared this love of tropical fish. I will always remember his friendship, his caring nature, and his wonderful positive attitude about life. RIP, Glenn. You were good people, as they say. Tom*

“Glen was a caring, compassionate, intelligent, renaissance man. He understood what the term friend meant. He helped many people with little fanfare are seeking notoriety. Glen was a good man.

“Glenn was just one of the kindest giants I have ever known. Our friendship goes way back, sadly we let life come between us and it had been a few years since I had talked to him in person.

Greatful for Facebook which kept us in touch.

His extended family are so loving as well...all of them!
May God be with us all to guide us through this dark valley of sorrow we are traveling.

“I have had the privilege, no the honor of being Glenn's Secretary while he held the position of Assistant to the Associate Dean in Extension. After his retirement and before I was his assistant (during too) he was a special friend. We had many laughs and many talks, he always gave the best advice. I am really going to miss him. I remember coming down to visit him and he took me for a boat ride on the lake and I spent a lot of time in his pool. He will be sorely missed. On the other hand, now he is reunited with the love of his life, Rhonda! Rest in peace, Glenn. Rose Sisco

“ Glenn was a very kind man. He was a wonderful neighbor to my in-laws for over 25 years. He was so nice and always willing to help out in any way he could. He especially helped them out more as they got older. He was so nice to talk to and just an all around good guy. We were sorry to hear of his passing. He will be missed. Tina K.

Glenn will be missed, I am a neighbor of his living in the house my parents lived in just two lots down. He and my parents were good friends, they would go for morning walks together and take care of each other's animals during trips away. He loved my mother's fruitcakes, she made him one every Christmas which I carried on that tradition. Glenn was a good photographer and took some photos of my family which are hanging on my walls proudly. You were a big man, but to this family, not nearly as big as your heart. Rest in peace Glenn.

I worked with Glenn when he was with University of Illinois Extension serving as the Assistant to the Associate Dean. He was soft spoken and well organized. We often had chats about his family. A fond memory is the "ugly purse" he talked about that was gifted back and forth within the family and the fun was that they never knew when/where it might show up. I was able to secure the "purse" from a family member and loved watching the expression on his face when he opened the gift bag containing the purse at his retirement celebration!! After his retirement I especially enjoyed watching the updates of his travels, and his hobbies of boat and old car restorations via Facebook. He was a good guy and will definitely be missed by many. I'm glad I knew him. My thoughts and prayers are with the family.
