“ *Just another big brother growing up. Always kind, never a negative word. Although it had been years he new me right away when we saw each other. Always spoke when we would see each at Kroger. Of course mention Shelia and he'd ask me to tell you hi for him. I felt like in some way God allowed me to check in on him for you. I will miss him. I love you and will be praying for you and the family*
