“ *The world has lost one of the best nurses it ever had ❤️*

She was such a fighter, for herself and her patients. She had the biggest heart and always poured herself out for every single person, regardless of who they were, how they treated her, or how inconvenient it may have been. It was common to see her in holding praying for her patients with both of their hands in hers. She would go the extra mile every time.

When I started out at SFMC she was mostly a legend, one of the best nurses they'd ever had, someone every doctor both trusted and feared lol. Later I had the privilege of caring for her in the ICU, and eventually when she came back to work being her co worker. True patient advocates at heart we sometimes fought in the hallway, but she was always one to hug it out. I learned so much from her, and she was so much fun to work with. For years after I left SFMC she'd text me just to check on my family.

No one else I'd rather have by my side on a busy short staffed day or while running a code ❤️ I can only say it because she would laugh but I'm sure she's bossing Jesus around right now....Love you, Janet Casper, Rest In Peace ❤️

Lindsey, that was so sweet of you to share. I worked with your mother in law Patti, I married Janet's grandson. She would talk about you often. She thought a lot about you ❤️

“ Oh those beautiful eyes. We knew Janet from her teen years and was very close with all the Kreyling family. I was very close with Sandy and the girls. Mostly Janet to start with, she baby sat with our wonderful son Doug, then slowly got close with the other girls. Janet so looks like Sandy. I know so many hearts are broken and filled with pain. Death is the most brutal part of living for those that cared and loved the person that had to die. Sad news Just know I am very glad to of been friends with the family. Love to you all.
