“ *Jimmy was one heck of a guy to work with. Missed him terribly after he left but knew it was what had to be. I only worked with Jimmy for 4 years ,he was friendly and kind. I remember in the winter coming in from the parking lot and he never had a coat on. I would be in 3 layers and still cold. When I'd say something to him bout the cold and he should wear a coat, he'd just laugh it off and say " I dont need one"*

*Sending the family prayers for peace.*

*I worked with Jimmy for many years. He was a very hard working man. The maker of the Reese's peanut butter cups should have been paying him for all of the business that he gave to them . He was a very serious man with a very kind heart. He talked about his grandkids alot and wore those little bracelets that they gave to him with pride. He loved his horses and invited us to bring our grandchildren out to see them . I believe the word he used was yayhoots when somebody was just doing something way out of the way and he'd try to show those yayhoots how to do it right LOL. It was hard seeing him not being the JIMMY that we knew. You are sooooo missed by us all. Rest easy Jimmy. Sending our condolences to the family and praying for you all.*

*“ I worked with Jimmy at havco for probably 14 years. He was a hard worker, loved his Reece's and Mt. Dewsbury, and was very oppionated lol. We had to help pull him out of his truck to come in to work because of his back. But he was here everyday. He still tried to come into work when his dementia got bad and had a wreck. But damn it he was gonna go to work! That's how I'll remember Jimmy.*
