“ *I always remember uncle John picking us up from school. A beautiful fall afternoon with a blue sky, leaves in all the colors and a chill in the air. Just like it was the day he passed. You will be missed but never forgotten.*

“ *I knew The Plemons family from the time they moved into the Miller City area' They were a good, hard working family' I had just previously put on my thoughts but guess they got lost or I did not do something right! I respected that family very much. I would see John in Schnuck's entry or ringing the Salvation Army bells and he always knew me and we would chat awhile. All members of the Plemons family were very good people! I loved and respected that family. May God bless John for being a good person!*

“ I was thinking of John the other day when some of my friends remembered roller skating at the Cairo Roller Rink where John would be roller skating. That was a memory from long ago.

I remember and loved that family so much. I knew them from the time they came into the Miller City area! They were an upright, good family and very hard working. John was seen around Cape a lot whether inside Schnuck's entry or ringing the bells for the Salvation Army! May God bless him and reward him for his good life!
