“ Tony and I met Lee through the breakfast group of retired IDOT employees. We were so pleased when Dave introduced her to the group and we all got to know her kindness and friendship. She became a dear friend to us and although often in pain, attended as as she could. We will miss her smile and humor and her stories of her varied and interesting life. May she rest in eternal peace in the arms of God. Condolences to Dave and her family and friends. Tony ad Barbara Vatovec

“ I met Lee as a Freshman at Milligan College. She lived across from me. We made an immediate connection which lasted over 50 years. We were often separated by distance but always joined in spirit. She was a great friend. It is hard to believe that when I need a sympathetic ear she will no longer be a phone call away. She was a beautiful person. I will miss her so much. Rebecca

“ Lee had such a memorable smile. She loved to laugh and make people smile and most of all , I think, she loved to sing. I sometimes found her singing in the hallway. She told me of how her father long ago often put her up on the stage as a very young child to sing for the public.
I will miss her humor, her smile, her music and her presence.
