“ *Lisa, you were my best crazy friend in Lebanon. I don't know how I would have made it through my pregnancy of my daughter had you not been there. I'll always remember you and how excited you were for Chrystal to finally be born. We (you, me and my kids) had some of the most amazing times together. I miss you everyday.*

“ I met Lisa when we worked together at the Grange Nursing Home in Mascoutah. Her girls were 3&5.... mine was 4..... we became close friends and the girls did too. My heart breaks for them. She would give anyone the shirt off her back. I love you girls. You know how to find me.

I will always remember Lisa for helping me when ever I ask her to. We had so many talks. How she loved her girls and her grandchildren. She was always asking how I was doing after I lost my girls. She was a great person. Praying for her family.

I worked with Lisa at MHC and loved her as a PCT, but more importantly as a person. I shared several laughs with her about life, liberty, the pursuit of happiness and cocktails. She will be sorely missed. Heaven most definitely gained an angel!

I learned a lot from Lisa in my 10 years working with her at Carbondale. Definitely rounded out the 4 medical experience for me. Grateful for being able to know and laugh with her. She is loved and missed.

My beautiful cousin, Lisa, we always had so much fun growing up, especially camping. My favorite moment was when we all made a human tripod one summer with her on the very top. Such wonderful times. Loved you and will be missed greatly.
