“ I'm sorry I can't be there in this time of grief. I just wanted you to know what a special cousin Melony was to me. We didn't keep in touch recently except through facebook. We just live to far apart. We had some really good times from when Melony was about 3years old until she was in high school. I remember the days when I would stay with Uncle Charlie and Aunt Norma and when she came with them to Albuquerque to visit. Uncle Charlie would get a nice hotel with an indoor swimming pool so we could stay together and go swimming. When I stayed with them in Benton before they had a pool, I would take Melony to the KOA so we could swim. I remember going to Evansville and Melony would get up on stage and sing with the band. She was such a beautiful girl and grew up to be a beautiful woman with the best smile. She was so fun to be with. I'll never forget how much we laughed when she teased Uncle Charlie with sayings like, "Shut your pie hole Dado!" We would eat radishes, burp and blow in each other's faces. The smell was horrible and boy did we laugh! She was taken away too early but I have only great memories of times with her. I will never forget her! I still have the wine glass we made a toast with at Uncle Charlie and Aunt Norma 's funeral. My thoughts of comfort in this difficult time are with you girls, David and Susie.
