“ *Mike was the first friend to me as I started my life in Cape. When I felt I didn't have many friends he offered to hang out with me and even offered to introduce me to his friends. Because of him and his family allowing to rent from them, I met my wife and have started a wonderful future for us. Whenever I would see him around, he would ask if I needed anything. He was one of the most giving people I've ever met.*

“ *This just doesn't seem real. You made a huge impact in my life. I know that you are looking down from a great place of peace. You will always be loved and fondly remembered.*

“ He had 3 kids that love him very much. I loved him so very much.. so many friends and people loved him. He will never be forgotten and we will always have a huge hole in our lives without him.. I'm going to make sure all three of his kids know how much they were loved and wanted and that they always have pictures and videos.. when our kids get married he will have his own seat with his picture. We celebrated his birthday for him and will continue to do so.. your memory will live on thru us . Our hearts are shattered. No words can express the feelings we are all feeling and always will because you are gone from us. 💔 you are with us always and always will be .. Michael we love you and miss you dearly.. life will never be the same without you.
