“ Kevin has been my brother since childhood. Nikki absorbed me as her brother from the start. Many times throughout our lives it was the 2 of them that held me together through tough times. Nikki with care and compassion like no other, combined with a bit of her mischievous humor and good fun. Her resilience, quiet calm strength in the face of such a challenging situation is should be an example to us all. We miss you Nikki, forever and always. A part of you still resides in each of us who were truly Blessed to have you in our lives.

“ My name is Julie Bracken - Murphy. My son Jameson wants everyone to know that Aunt Nikki was like a second mom to him and she will always be missed. He wants everyone to know that he played her favorite songs and hope Sierra or Blake has her Howdy Doody doll

“ My name is Julie Bracken-Murphy. Nikki was my sister, best friend, and the very best Aunt she could be to my son Jameson. She was a great daughter, mother, wife, pet owner, and much more. When she smiled and laughed it brought everyone in the room to do the same. I miss her everyday. I would like to talk to her all the time. We had a great sister/friendship that could never be repeated. We were the "Bracken Girls" and that was true. I miss her and wish her a Happy Birthday. I know she is at peace and hope she knows her husband and children are doing great. Sierra is a mom now which makes her a grandma. Ha Ha, we would laugh about that! Just like the moon boots at Marshall Fields in Illinois..

Hi it is Julie Bracken Murphy again. My son Jameson wanted me to post he loved her dearly and still does. He said Nikki was like a second mom to him and that I forgot to say she loved Howdy Doody.

“ I miss you so much mom. There's not a day that goes by that I don't think about you and wish I could see you. It still doesn't feel real to me that you're gone. I wish we could have had more time together. I love you so very much.

“ Kevin, Sierra & Blake - I am so very sorry for your loss. My prayers are with you. Cherish the memories as they will last forever. Nikki was a very special person and loved by all.

Nikki was my loving, sensitive daughter. I know her pain is now gone, but I greatly miss her. We did have a chance to reminisce about friends and old times, but I still wait for the phone to ring so we can talk.

Nikki I wished I had hugged you a little tighter the day I left. I didn't know it was my last chance. Remembering you is easy, I do it every day but missing you is heartache that will never go away. You will always be loved.

It's Mother's Day today and I have been remembering all the fun things you always planned. I love and miss you. There are some days I still wait for your call.

I talked to Sierra today. She greatly misses you and wishes she still had you. She feels bad that you are going to miss out on everything that she is or will be experiencing in her life.

Aunt Sue and I both worry about Sierra

*You're always in my thoughts.
Love,
Mom*

Dearest Nikki: remembering you on your 50th Birthday. I miss you more than words can say. I so wish we could talk.

I made a photo album of our side of the family for Sierra. I also wrote a six page history of our family starting with my grandparents. I know Sierra misses you.

I have so many beautiful memories of you that I treasure. You are always in my heart.

Dear Nikki

Remembering all the good times we had on Mother's Day. I miss you and I know Sierra does too. Her baby girl is due on June 23rd and I know you would have been a big part of her life.

My Dearest Nikki, celebrating you on your 51st birthday. Although you are not here, you are always in my heart. I have so many memories and pictures of you.

You are now a grandmother. Sierra had her baby girl, Eliana Nicole Sanchuk on 6/30/24. She has sent me so many beautiful and sweet pictures of the baby. I know how much Sierra misses you and I know how much you would love helping her with Eliana.

Happy Mother's Day Nikki. I am remembering all the fun activities you always planned for us. I have so many memories of you that I cherish.

How I wished you were here to help Sierra with Eliana. I am so proud of the mother she has become.

I have had cancer for the past 4 years but I have not fought it as aggressively as you did. If the immunology cancer pills that I am on quit working, I am not going to follow the 3 months infusion of chemo that the doctor is recommending. My age of 89 has a lot to do with my discission.

I want you to know you are always in my heart and thoughts and I will see you soon. We have so much to talk about.

Love you.....Mom

Dear Nikki

Remembering you on your 52nd birthday.

You have missed so much. Sierra is happily married & a wonderful mother to Eliana. You would have loved helping her take care of Eliana. She has kept in touch with Lexi, Chloe & Renee, Leah's younger sister. She has been disappointed Kevin has not taken more of an interest in Eliana.

Blake has been deployed for a year with his Engineering unit of the Illinois National Guard to Kuwait in the Middle East. I know you would be proud of him

Tomorrow I have a Ct Scan to see if the mass in my left lung has increased or decreased in size. I know I am breathless on exertion. It won't be long before I see you again.

You are always in my thoughts & Heart.

Love, Mom

I remember you telling me you were still thinking about what you were going to say to my mom on her birthday. Then you told me you were getting sicker and I told myself I'd wait to read it until you posted another. I can't believe that this day has come, and this is your last post. I know you are at peace. I already miss you Grandma. Give my mom some hugs for Eli and I.

I love you both so much.
