“ *I remember our first meeting as so pleasant. He was such an open and honest man. At that meeting I took that very photo your family has displayed on this page. I wanted to help him learn how to take a better selfie. He just giggled and said his mother would love a more groomed picture displayed on his profile. He thought so highly of his family and filled me with such positive about all of you. I am so truly sorry for your loss.*

Sincerely my best and support given from my heart.

“ I cannot express how deeply sorry i am for your loss. He was a pleasure to work with! We always gave each other a lil chuckle with each phone call. He was one of the friendliest people I've come across in the work place. He had a great attitude, sense of humor, and was always smiling (and you could see it even with a mask on or in his voice over the phone). He will be truly missed.

“ I always enjoyed talking with Patrick when I rounded at The Rehabilitation Institute of St. Louis. He and I shared an interest in weightlifting with us exchanging stories about different things he achieved in the gym. He was also passionate about helping our patients as they progressed in their rehabilitation, which we all greatly appreciated. All of us here will miss Patrick dearly. Sincerely,

“ Patrick came from such wonderful parents. This family has meant so much to so many. This young man has left a void in the family tree, but heaven has gained another angel. My heart goes out to his sweet mother, and his siblings and children at this time. My prayers are for this sweet family.

“ Patrick was a true friend from the moment I met him. Possessed with a wonderful sense of humor, Patrick would laugh for hours at the absurd things that his brothers and I would dream up. From his impeccable taste in comics, rasslin', heavy metal and b-movies to his terrible sense of staying on schedule, Patrick was always the core of our band of nerdy Merry Men. The last time I spent with Patrick, a NYE trip to STL, will forever be one of my most cherished memories. I can't wait to see him again and share a bottle of Rock and Roll and jam to AC/DC covers in the Great Gatsby's in the sky that Jesus won for us! Love you, Klaus Mein!
