“ *Bob quickly became my best friend while at Life Care. We shared many common interests and a zestful curiosity about everything. He was very studious but pranks were not beneath him. I miss him every day and sit at his dining table to watch his birds.*

“ *Bob Poteet was a very well educated man with an unsatisfied hunger to learn more in the area of Mathematics. He was different I would say but his wife Oralee loved him dearly before Alzheimers set in. She was a good friend of mine and I miss her quick wit and humor. I am so glad Bob came to be a Christian not to long ago! RIP.*
