“ *I worked with Scott in IT at SIH. I considered Scott a great friend who was always very kind and helpful. You had a great son, brother, and family member that was raised to be a good person and an asset to his friends and community. He was a great loss to us all and is deeply missed. I hope you may be comforted at this time of great loss. My prayers are with you.*

“ I worked with Scott at SIH. He and I had recently been talking about how he love to take his truck out mudding and we laughed about some of the fun that was. I will always remember working with him during the update to Windows 7 and how much he helped me learn more hardware things. It was long hours and he helped keep the mood light. He is sadly missed.
