“ *I trained Sheila for her job at Cape Middle school. We hit it off from day one. She was matter of fact and you always knew where you stood with her. She sure loved her dogs and her Saturday get togethers with her sister and brother in law. I laughed out loud when she told me the story behind the mismatched socks.. I will miss seeing your smiling face at Middle school. Prayers for the family and her faithful pets.*

“ *My deepest sympathies to all of Shelia's loved ones. She was a very positive influence on my life. She was my boss at the old Walmart then we moved to the Supercenter together. Even when times were hard, she was always supportive and positive. I remember when she was debating about retiring, we had a long conversation about it and I am so glad she decided to go ahead and retire and enjoy life. She had that rare ability to make you feel better after seeing her even if I t was only for a minute. Thanks Shelia for always being positive and making everything a little brighter. I will miss your smile...*

“ *Debbie I am so sorry for you loss. Sheila was one of a kind, I loved the fact that she was her own person. I remember when we worked at the post office together and we got really close. People would always ask me if she knew that she was wearing two different socks, they thought she might be color blind. I would happily say, that it was just her signature look. I loved that woman and I was so blessed that I had her in my life. And I am thankful that we have another angel in heaven!*
