“ *While I did not get a lot of time to spend with Aunt Shirley we were kindred spirits. I remember her mewling like a kitten fooling my little sister. When we visited she would give me such fun gifts. She was there for my wedding 💜 I feel as though we share a lot of traits which always made me feel so close to her. I wish we could have lived closer to one another however I feel like we did not need too. My only regret is she did not get to meet my son, but now I know she looks down upon us. She will see him and my family and she knows how much she is loved. My heart is so full knowing she is now with her son.*

“ Shirley and I were really close. We fought a lot with me but would not let anyone else fight with me. She thought she was my protector and everyone else in the family. She was my dance partner and we won many contests together. I know know that she is in heaven she is looking for a new dance partner. She always told people she could do Elvis better than I could. Now she can tell Elvis in personLove and miss you but will someday see you. We will have Elvis tell us who really is the best...lol....Love your big brother Bob.

“ I love you Shirley and will forever miss you. I will always remember the great times we had together. How we could laugh for hours together, over the silliest things. But we also cried together over silly things. You go and fly free, my beautiful angel. I love you sis!

“ Aunt Shirley was a beautiful and strong willed women. I loved her dearly. I remember her taking me to get my ears pierced when I was about 8 or 9. We would go shopping and other things. When I got older, my mom and I would take mother daughter trips up to see her and aunt Patsy. We miss and love you both so much!!!
