“ *Brantley family,*

I'm thinking of you all this week, and of Skye. This was the time of year when we would hike together at Giant City and when we would start doing some baking. I enjoyed every minute of time I spent with your daughter and sister and I miss her. Sending peaceful, loving thoughts your way this week.

“ There are some people that you meet and you just know they are a good person. Ones that leave a mark on your life. No flare, no ego, just kind and thoughtful. Skye was one of these special people, a young woman who seemed wise beyond her years, vibrant and compassionate. I'm sad that I only got to know her while she was sick. I can only imagine what kind of friend she was. She will be greatly missed by so many. To Tammy: I can't imagine your sorrow at this time. I hope you take care of yourself and know that you did everything that a mother could possibly do. Skye loved you more than anyone and your dedication and love for her was so evident. She will always be your angel. Please let me know if there is ever anything I can do for you. My prayers are with the entire Brantley family. With sympathy & love... Sara Owens

“ I will remember Skye and the times I was blessed to share with her over the last five years--hiking, baking, reading, Chinese buffet, roller derby matches--she was a joy to spend time with and I will miss her forever. My love and prayers go out to all of Skye's family and friends.
