“ I fondly remember working for months with Sue to get some of her family history put into a genealogy database. Then seeing all those places that were mentioned in the information during the JVFOA reunion some time later on the bus tour she sponsored. I really enjoyed her company and will really miss her.

Love to the family,
Pam (Strickland) Vick

Sue and I became fast and true friends for life as teachers and fellow commuters when we both taught school at Chaffee, Mo. Elementary School. Mr. Bill Bradshaw was our beloved school principal. The year was 1970. Since then, Sue and I have laughed together, cried together and been best friends for 50 years. I saw both Terri and Gary grow up and become adults and parents themselves. Sue, in turn, saw my son grow up and become a parent. She was always so much fun. On my first date with the fellow I ended up marrying, I begged Sue to go with me and Jim on that first date. I was divorced and did not want to be alone on the date as I felt so awkward making a sane decision about dating anyone. When Jim briefly left our table, Sue grabbed my arm and said, "Marilyn, Jim is a very nice and kind man. I think you will not go wrong dating him." The rest is history. After dating for 4 1/2 years Jim and I married. She was so right. Jim was my best friend, soul mate and a rock of strength. He loved and adored my son who was 15 when we married. After 26 1/2 years of marriage, Jim died from cancer March 3rd of this year, 2020. I have now committed two of my best friends to Heaven. Sue was so right about Jim--he was a great person, husband and step-father. And Sue was one of the best friends I ever had as she was more like a sister to me. I mourn for her, but will always treasure our many good times we shared as fast and true friends.

“*It made me sad to learn of Sue Vick LaBruyere's recent death. Sue and I went to Shawnee High School in Wolf Lake. She was pretty, smart - and most of all, tall. All of which I greatly admired. I enjoyed seeing her and hearing of her successes when the class reunions were held. Now the Class of '54 continues to shrink - and Sue will be further missed.*

“ Dear family, Sue befriended me the first time I attended a Vick family reunion. Our passion for genealogy tied us together from that point. She and I loved to email each other about our finds for our branch of the Vick family. I remember her telling me about a cemetery she wanted to find and that it probably was swampy. Snakes and all that. Firing back, I shared about a tromp towards a gravestone I knew would be important and, half-way there, finding I had made a trail through knee-deep poison ivy. We had some great hearty laughs about our adventures.

You are sad now. Appropriately so, but know that she brightened my days and that I pray she sits in eternal light.

*Sharing the void,
