“ *Veleta was a special lady and I had the pleasure of helping to take care of her and to get to know her a little better than I already did. Her grandson Cody and my son have been best friends since 1st grade and when she came to where I work for rehab I walked up to her to tell her who I was and she knew who I was she recognized me from all the times I had dropped off John and come inside to visit, however the entire time she was at FV she never called me by my name it was always John's mom ❤️😊 She always had a smile waiting for us girls and of course a hug. You will definitely be missed Veleta Love you Rest easy sweet lady❤️*
