“ *Uncle Warren lived a long and full life. He was man who truly possessed joy and kindness. He had an authentic love for others and a an infectious zest. My sympathies to one and all who cared for him in his last days and to his family who will surely miss him most. While I am on the other side of the planet and have not been able to visit Uncle Warren since the pandemic began, I know that his passing also brings good news: we will meet him again in heaven's home . I am confident that he is there now, listening with joy, to the vocal styling of my parents. The "Peace of Christ" to all who knew him. With love and prayers , Stephannie Tebow*
