“ *i remember the day we took grandmas great grandbaby to see her. i remember the look on her face and her reaction, she was so excited like a 3 year old would be in a candy store. she had to go show him off to everyone. Thats a day i will never forget the day she met her great grandson.*

“ *so my grandma comes home one day from fishing and said she caught a fish and the fin stuck in her finger and she had to go to the hospital to get it taken out and she got embarrassed about it and everyone was joking with her. She had never heard of anyone getting a fin stuck in her finger neither did the hospital. it was a funny memory of my grandma.*

“ I am deeply sorry for your loss Traci, your family will be in my thoughts and prayers. Take it one day at a time, and know that you have friends that care for you and that are just a phone call away. If you need anything, please don't hesitate to call. I'm sorry I won't be able to make it to the visitation due to work but you and your family will be in my thoughts and prayers throughout the day. Darren
